**NEW ENGLAND CONSTRUCTION RAISES NEW HEIGHTS IN JAMESTOWN, RI**

Jamestown, RI - On February 18<sup>th</sup>, New England Construction raised the new tower to the Central Baptist Church, located at 99 Narragansett Avenue in Jamestown, after completing the finish work on the ground. The structure was hoisted and secured into place. The church has been undergoing construction since early September and is scheduled to wrap up some time in the spring.

New England Construction, celebrating its' twentieth year in the construction business, strives to bring Value Engineering to every project. This approach results in competitive, accurate costs that produce effective solutions and continuity from start to finish.
